NEW ARRANGEMENT.

The favorite steamer COLUMBIA, Capt. James Harper, has recently been put in complete order, having had added to her former accommodations a spacious saloon and fourteen comfortable staterooms, with entire new bedding and other furniture, and will until the 22d September next, leave Baltimore EVERY SATURDAY AFTERNOON, at six instead of four o'clock-thus affording passengers and shippers two hours more in Baltimore, and arriving at Point Lookout and Kinsale at more convenient hours in the morning. Returning, the Columbia will leave Riley's wharf, Wash ington, EVERY WEDNESDAY MORNING, at to land and receive passengers and freight.

agent to send them after that hour, in which event he is instructed to do so, although it is desirable they should be delivered as early in the day as practicable, and all way freight should be sent before four o'clock.

Since the COLUMBIA has been enlarged, i rarely happens that she cannot take considerable additions to her usual freight. Shippers therefore having large lots of guano, pig iron, and other freight, can have them carried by special agreement, on terms mutually advantageous, on appli cation to the following agents. CHAS. SWEDEN.

During the last four years the Swedish government has shown a praiseworthy activity in establishing a network of railways in different parts of its kingdom, hoping colscap Papers of almost every price, some extra thus to develope the agricultural and mineral wealth of that country. The Diet, in previous sessions, had already voted 15.000,-000 Swedish dollars, (about £1,200,000) for this purpose, but they have been speedily exhausted by the railway works in progress. The government estimates that 25,000,000 Swedish dollars, or about £2,000,000 sterling, are still requisite for the completion of these works. The government proposes to raise these \$25,000,000 by means of a five per cent loan to be contracted in England. The King pursues his project of fortifying Stockholm, and of surrounding it with thirty-three detached forts, for armament of which 1,200 heavy guns would be necessary. Military engineers estimate that some 10, 000,000 Swedish dollars (about £800,000) would be required for the construction of these works, but the Diet has hitherto refused to vote funds to defray such an ex-

CATERPILLARS .- With a little watchfulness and care in searching for caterpillars' eggs, and destroying them before the leaves of fruit trees put out, and before the worms hatch, you thus save the trees from injury or a greater amount of labor in killing the worms in the nest after they batch, and when other work is pressing. A little practice will enable one to detect them on the small branches of the cherry and apple trees. The eggs are deposited end-wise in a little bunch around the limb, and very ingeniously covered with a kind of gum or cement to itineraries of the principal routes between the protect the embryo worms from injury by

SAXE ON JOHN BROWN .- "What have you there?" inquired our friend Saxe of the news boy in the Rutland depot a few days since. H received, and for sale at GEORGE SIG- "The Life of John Brown," responded the GERS' Book, Periodical, and Newspaper Store, boy. "Ah! you little rascal," replied Saxe, "it can't be so, his life was taken down in Virginia a few months ago," We examined John Brown's picture on the cover of the book, and remarked that he was not well executed. "Not well executed!" says Saxe, "the people of Charlestown have a very different impression."-Rutland Courier.

ERRATUM EXTRAORDINARY .- An up coun-

try exchange says: "In the piece on our fourth page, entitled 'We must not lag behind,' instead of the line, 'That moulds its dirty shirt,' please read, 'That would its duty shrink.'"
